Annals of Operations Research

Special Issue: Operations Research in the 21st Century:

XXI Latin-Iberoamerican Conference on Operations Research,

CLAIO 2022

Annals of Operations Research seeks submissions for the special issue **Operations Research in the 21st Century: XXI Latin-Iberoamerican Conference on Operations Research, CLAIO 2022**.

We invite all participants of **CLAIO 2022** to submit a full version of their presented contributions to this special issue. Contributions arising from papers given at a conference should be substantially extended, and should cite the conference paper where appropriate. Submissions not presented at the conference are also welcome, providing they fall within the scope of the conference (see <https://claiio2022.dc.uba.ar>).

Instructions for authors can be found at:

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by **June 30, 2023** via the Journal's online submission site. Please see the Author Instructions on the web site if you have not yet submitted a paper through Springer's web-based system, Editorial Manager. When prompted for the article type, please select **Original Research**. On the Additional Information screen, you will be asked if the manuscript belongs to a special issue, please choose yes and the special issue's title, **XXI Latin-Iberoamerican Conference on Operations Research, CLAIO 2022**, to ensure that it will be reviewed for this special issue. Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred, if accepted, to a regular issue.

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
